

GABRIELLE BAUMEYER

EXECUTIVE COACH & PROFESSIONAL SPEAKER

Gabrielle Baumeier is Founder and CEO of Baumeier Coaching and a certified Executive Coach with nearly three decades of experience developing leaders and teams worldwide. Known for quickly connecting with audiences, she challenges thinking while creating an engaging, approachable environment and inspiring people to lead with purpose. She trained through Rice University's CoachRICE program and holds Associate Certified Coach credentials from the International Coaching Federation. Gabrielle's leadership impact has earned her the Houston Business Journal's Women Who Mean Business award, and she was recognized as a top fundraising athlete as an Ironman Arizona finisher. Gabrielle earned her Bachelor of Science in Architectural Engineering from The University of Texas at Austin and is a published, international best-selling author as a collaborator of the book Six Figure Chicks, Houston, Volume 1.

WORKING WITH LEADERS

Whether on stage or in a team facilitation engagement, Gabrielle challenges mission-driven professionals to own who they are and act decisively to create lasting impact. Her work blends strategy with human-centered leadership so audiences leave aligned, energized, and positioned to move forward with intention.

GABRIELLE'S TALKS

LEAD WITH PURPOSE

Strong leadership comes from how leaders interpret what's in front of them. Purpose informs that interpretation, shaping choices, priorities, and direction. When that lens narrows, progress slows, often without leaders realizing why. This talk creates space to reset that lens. Audiences leave with:

- A renewed way of seeing their role and impact
- Increased focus in uncertain environments
- A grounded, confident approach to leadership that feels authentic

"Gabrielle delivered a keynote that was as insightful as it was actionable. She guided our business and nonprofit leaders through the often-overlooked growth strategy of having courageous, alignment-building conversations. By the end, our audience not only understood the importance of speaking up but had tangible tools to strengthen their teams and move their mission forward."

— Nancy Penney, Executive Director of Fellowship of Barnabas Partners

IMPACT BEYOND THE BOARDROOM

Leadership extends beyond the walls of an organization. The skills, influence, and relationships cultivated at work can be applied intentionally to create meaningful change in communities and beyond. This talk invites leaders to pause, recognize opportunities for impact, and take purposeful action that benefits others. Audiences leave with:

- A clearer sense of how leadership can create positive change beyond the organization
- Methods to connect people, resources, and partnerships to amplify community impact
- Readiness to engage in social change in a way that aligns with core values and purpose

BUILDING HIGH-PERFORMING TEAMS

High-performing teams are built, not inherited. They're shaped by how clearly people understand their roles and how consistently expectations are communicated. This talk invites leaders to take a candid look at how their teams are working today, recognizing where alignment is strong and addressing what quietly undermines results.

Audiences leave with:

- Methods to enhance dialogue and follow-through
- Actionable approaches for aligning responsibilities across the team
- Insight into creating the conditions teams need to work well together over time
